Vol 6: What People Are Saying About Scalar Energy

SCALAR ENERGY FOR THE WORLD

Vol 6: What People Are Saying About Scalar Energy

Preface

Over the years, Tom Paladino has had tremendous success using Scalar Energy to transmute pathogens quickly and painlessly, making his clients feel much healthier as a direct result.

BUT

Because it can't be seen, Scalar Energy and its benefits have many skeptics questioning just how well it actually works—or if it does at all. Fortunately, even the naysayers become believers once their eyes are opened up to what this amazing energy can do for them.

In this booklet, we're going to change things up from our previous volumes.

If you're a believer, read through the following accounts so that you can learn just how life-changing the Scalar Energy experience can be.

If you're a skeptic or aren't quite sure what to believe, however, continue on with an open mind. Read through this handful of experiences that Tom's clients have shared with him after being using his Scalar Light Therapy. Once you've done this, *THEN* you should make your decision about how you truly feel about Scalar Energy.

Personal Experiences with Scalar Energy

#1:

Staph Infection

Dear Mr. Paladino,

It is my sincere hope to be able to put in words the gratitude I have for the MIRACLE that YOU ARE!

I have begun to abandon all hope for the relief from staph infection in my face, that as you know; I have contracted in the hospital during my second surgery on malignant melanoma of the nose.

I thought that the malignancy returning after 10 years of remission was as bad as it could get, well it kind of was until the unexpected staph infection developed and inflamed the surgery site and the rest of my face. The infection was not responding well to antibiotic treatments and caused the rapture of intricate surgical reconstruction site done on my nose and chick. The infection spread to my eyes and sinuses.

There was no reprieve until a friend of mine suggested that I get in touch with; my reality as surreal as it was at that point became even more so when I tried to reason out the therapy you were to give me - I was desperate and willing to try anything!

I hoped and pray for miracle but what you did for me happened in such and grand and glorious way that I began to “warp my arms” around it only weeks after the program. You said that you will help me, and I wanted to believe but thought it will take a major miracle to outdo what was done for me at one of the best hospitals on the West Coast.

At some point, on the day you delivered my broadcast, my face cooled down, I could actually touch it without hurting it; I knew then that something was happening but did want to assume anything and decided to wait until the next morning. It felt as if the mask that covered my face for over a month was taken off and my face was back to being my face!

My doctor was very pleased with the “sudden turn for the better” and concluded that I was very, very lucky and how he did not expect my recovery to be so short, I did tell him that it was a miracle and he agreed.

How can I ever thank you for what you have done for me, all I can offer you is my life long prayer of gratitude - please accept it.

IBS

My name is Estella, I live in Las Vegas. I had been battling a nasty case of food poisoning for at least 8 months.

2 different doctors diagnosed me with IBS and prescribed 2 potent antibiotics that I was supposed to take for 15 days. They also advise me that I was a great candidate for the pink pill which I was probably going to have to take pretty much for the rest of my life.

Not wanting to poison my body and weaken my immune system I never filled the prescriptions; instead, I started looking for a "Natural" cure. After a few weeks I got it under control with the help of different teas; however, I had to give up coffee, any kind of spicy food, chocolate, citric fruits, etc.

Before I got sick I always had a very flat stomach, I am very active, practice yoga 3-4 times a week etc., but after I got sick my clothes didn't look the same on me. I was soooo frustrated!!!

Then... I found Tom Paladino. I have to admit I was skeptical at first, very skeptical, but I was also very desperate so after thinking about it for about a week I decided to give it a try.

From the very first day Tom started working on me I noticed and felt the difference. I had boundless energy, I started to sleep better, the inflammation on my stomach started to go down. In a week, A WEEK, I was able to eat all of my favorite foods and wear all my yoga wear.

For the first time in months I wake up in the morning and I feel normal, no stomach burn, no heaviness, I still can't believe it! Tom and his Scalar Energy really, really, really work!!!

I am forever thankful to Tom for bringing this technology forward and making it available for everyone. So much happened to my body that first week is too long to put it all here but if you have any questions or want to speak to me regarding my experience with Scalar Energy contact Tom. He's got my number and email and I will be more than happy to answer any questions. I feel blessed for having found Tom when I was just about the end of my rope and almost knocking at my Doctor's door.

SCALAR ENERGY ROCKS!!!

Chronic Fatigue

Hi Tom,

I have been receiving scalar healing energy for about 6 months, since April 2012.

Shortly after beginning, chronic fatigue became a thing of the past and my digestion improved. Arthritic knee pain has improved to the point where I can exercise more normally.

I have continued to gradually lose unneeded weight. My back muscles are stronger and sciatic pain has lessened so I can sleep through the night. Just recently I noticed that my fingernails are much stronger.

It takes between 3 and 6 months for nails to grow out. During September I noticed the scalp condition I've had for years has cleared up. I no longer get sore throats or headaches. Since beginning Scalar sessions, have also noticed that I when I've either eaten sugary foods or not had enough sleep, some of my skin troubles, eczema and itching, come back, then clear up again.

Because my fingernails, scalp and muscles are stronger, my logical conclusion is that my bones, organs and other tissues are in better repair.

People also tell me I look brighter and full of life. I also feel happier. Thank you, Tom.

Our Son's Results

Dear Tom,

I wanted to write about our Son's results. He is unable to send one himself since he doesn't have a computer at present.

Trying to condense: We had called him (he lives many states away from us) and in chatting, he admitted to being some worried about an old surgical catheter scar he had under his left breast. (He'd had open heart surgery when five years of age) This was very old and normally was barely visible and somewhat puckered and sunken. He said it had turned reddish, and the area underneath it was raised thus raising the scar as well, and very tender to the touch; and that the area over his heart was numb feeling, like when any part of one's body goes to sleep. This had been going on for some days and knowing our Son, perhaps at least two weeks. That's when we asked you for help for him.

We called next day to check and he said it felt much better and also his sinuses which had always bothered him, were much better.

The fourth day after you had worked on him, we checked and this time he said there was nothing sore; nothing numb, and that the scar had become sunken and faint again like it used to be! His sinuses were definitely just fine, and he actually felt "lighter" inside. Well undoubtedly because so many of his pathogens were gone...

He thanks you profusely and of course so do we his parents. You are welcome to use our names if you wish.

CFS Relief, After Two Decades

I have had severe chronic fatigue for over two decades. I have many symptoms, one being extreme unrelenting fatigue. Whenever I start to feel better, I usually crash soon after. For many years I have been unable to do more than the most basic activities of daily living. I have been receiving scalar sessions for three and one half months. My energy has begun to be consistently steadier, with no crashes in about 2 months. I have begun to take a weekly yoga class which is a miracle. I am also able to do more, able to get out, meet with friends occasionally. This is an enormous blessing. I will report again with any further progress. Thank you so much for this work and your dedication to it. I wish healing for all.

#6:

New Bloodwork Shows Significant Improvement!

Dear Tom,

It is with gratitude and heartfelt thanks that I must write to you. The autoimmune disease I was diagnosed with several years ago is on its way out the door. My blood work has shown super significant improvement. My doctor wishes the results of my blood work were his. He is at a loss to explain my drastic turnabout. Physically, the aches and pain attributed to rheumatoid arthritis is gone. My muscle tone and posture is that of my youth.

Externally, my skin is looking healthy again and with a glow. Somehow you managed to reverse the aging process. Psychologically, I feel calm and at peace with my renewed well-being. Spiritually, being stubborn as I am... I believed God would lead me to a solution. He led me to you!!! Within months of your Light Therapy via scalar energy, I am the healthiest I've been in 20 years.

I bless you. May the world come to know of you and your Healing Ministry. You are truly a gift from God.

#7:

Relief from a Life-long Disease

My eczema-ridden skin has cleared up. I had given up hope that I would ever find relief. I still have a few random red places on my hands that have been there for a long time but the wrists and insides of the elbows are smooth. There is a luster and sheen to my face and hands that a few days ago were dry and scaly. I don't itch like crazy anymore. It's happened pretty much overnight.

During the first few days, I had some digestive disturbance and after that I have had no more sugar cravings. I felt an unusual surge throughout my right side. Subsequent sessions gave me a peaceful feeling together with more energy. I had been very tired for a very long time. Now I'm thinking I can actually finish some big projects that have been hanging around.

My sinus and breathing is better. My eyes are no longer dry. Digestion is better. I've continued to have more energy and I have felt happy and a times euphoric. Everyone is telling me I look good and they used to see me suffer from skin disease.

My knees are better. At first, I thought this isn't working for my knees, but I looked at them about 5 day into my sessions and saw that about half the swelling had gone down. I am still limping from sciatic pain but it's not as acute. I found a chiropractor at the same time as beginning Scalar Light and have improved about 50%.

This healing has been gentle and profound. I never appreciated being poked with needles or having to drink bitter herbs or take toxic drugs. Being manipulated with scalar light has been the most positive, natural and beautiful healing process I have ever experienced. I cannot describe how I am floating on a cloud but able to do more work at the same time.

I don't know what else to say but thank you, Tom.

#8:

Hormone Replacement

Dear Tom,

What can I say other than what you have done for me is nothing short of a miracle. It was almost a full year that I had not slept more than a few hours. You started working on me and I now have no trouble sleeping at night. I fall asleep easily and stay asleep!! I am back to the Happy Person I was . . . I was so miserable all those months of not sleeping I cannot tell you how thankful I am. . . Beyond amazing and I am so grateful. You have a most amazing God given Gift.

Many Blessings to you!

My Personal Experience with Scalar Wave Healing

I am 61 years old, and for the past 10 years I had gone through a lot of hard times & several very traumatic experiences, which negatively affected my health in major ways.

I already had a hypo thyroid problem... but because of the stress & trauma, it caused many other health issues.

When Tom started using his Scalar Wave healing technology on me, the first thing I noticed was my skin feeling so much better. After a week or so, I noticed many of my aches & pains were less painful. Later some just went away & never came back.

Another thing, my mental & emotional self was becoming much calmer & more peaceful, and still is today!

I have skin eczema for the past 6 years. The sores on my arms are now gone. I still have this skin eczema... but it is not as bad as it was & seems to be clearing up more & more.

I had severe water retention for years; this too has mostly subsided. It is nothing like it was!

I can only say that my physical, mental & emotional health is sooooo much better since Tom has been working on me with the Scalar Wave Healing Technology. I am greatly blessed! Truly I am! I appreciate and I am so grateful to Tom & his healing Scalar Wave work... much more than words can say!

Health Benefit Experience

Dear Tom,

I began receiving Scalar Energy sessions on October 17, 2013. In five days, I've experienced significant improvement in my breathing along with decreased pain in my hips and back. I was diagnosed at Mayo Clinic in 2003 with two rare conditions, Bronchiectasis and Microscopic Polyarthritis. Both have caused devastating effects on my body.

I was treated with steroids, inhalers, nasal sprays, antibiotics .. you name it! Although the "symptoms" subsided, it definitely took a toll on my body. In late January 2004, my kidneys failed; I was fortunate to receive a kidney transplant, with my son being the kidney donor. Since then, my kidney has functioned normally. However, the steroids did cause some bone degeneration in my hip area, as noted by x-rays done by an orthopedic surgeon.

I opted for not doing a hip replacement and have just dealt with the pain and discomfort. I've used essential oils and every "natural" treatment possible for the respiratory issues. Since receiving the Scalar LIGHT I have noticed the following:

- *My breathing is so much better (and my husband and daughter have noticed that I'm coughing less)
- *Less pain in my hips and back (even after traveling 12 hours in the car on a road trip to MN)
- *Increased calmness and well-being
- *Increased energy/clear Mind

I would recommend this therapy for everyone. I offer my thanks and gratitude to you, Tom, for sharing not only your knowledge, but using wisdom in sharing this with others.

Your contribution to humanity has not gone unnoticed. Blessings to you!

Two Weeks into my Program

Hi Tom,

I am very excited about the energy sessions I am receiving and just had to tell you so! I feel terrific! I have lots of energy and feel very good emotionally. I'm feeling more optimistic and hopeful than I have in a long time. I still have some physical issues (like arthritis in my right hand and foot pain in both feet), but I feel like something very good is going on - and since we are only at the early part of week two, I am really impressed with how good I feel.

I have always loved to exercise but this past year I have been too exhausted to exercise, and my feet have hurt too bad to walk. Since I started your program, I've begun taking Pilates and I'm doing some yoga at home and they both feel so good!

Thank you thank you thank you!

God Bless,

P.S. Your updates are something I very much look forward to!

We Are Now Healthier

Hi Tom,

I have been on scalar light for 3 months now and wish to continue. You ask

if I am healthier. The answer is an overwhelming YES.

I had a major circulation problem in my right leg which left my foot and lower leg looking like it belonged to an elephant! The swelling has reduced to very minimal in the upper foot now. If I wear supportive shoes, it is not even seen. Also, my overall mood is just one of total happiness all day, every day. I cannot seem to find reasons to be cross nor do I bite when someone challenges me to stir up trouble. Nice feeling.

My Candida cleared up in the first 2 weeks and my teeth and gums are feeling good from several months of pending soreness.

Greatest of all, I have not gotten a sinus infection this winter! Sometimes I feel it stirring up and there is some mucus at night, but it quickly clears in the am after I get up and going. There is no pressure and my nasal passages are clear. Everyone is sick around me with colds and stuff and I stay unscathed!

My sugar cravings have greatly diminished, and I have no need for cheese anymore. (I was almost an addict having to have it every day).

My other miracle was with my 12-year-old Norwich Terrier. She had been fading with terrible joint pain (limping) and digestive issues. She (after the first week) is acting like a puppy again! She is happy and walks with a bounce in her step now. Her digestive track appears normal! I am so thankful for that.

Please sign me up and my group of 3 for yet another month! I am afraid to stop your program!

with her.

I am taking the Bulldog off (he will join again later as he much improved after a severe breathing problem) and adding my friend who has a terrible foot infection that has just flared up from a past injury and loss of 3 toes. The doctor says he needs an operation because of a pathogen that is eating his wound opening. He is going to find out what this is and email to see if it is in your general protocol.

So we will be with you for another month at least!

Thanks so much for your gift to us all Tom

Hugs,

D.W.

PCR Test Shows Herpes Simplex I & II GONE!

Tom,

I just wanted to say thank you for the Scalar sessions. One of the most exciting moments of my life in the last 4 years was yesterday when I received the results of the PCR test that I had done for Herpes Simplex 1 and 2. The test came back negative for both. I cannot even tell you what a relief it was to see the word "Negative" on that lab report. From what I understand this means there was no genetic material that holds the signature of the Herpes virus present.

Three years ago, I became aware that I had contracted Herpes Simplex 2. I had probably had the virus for a year prior but because I was asymptomatic, I was unaware of it. In the interim I have researched solutions to the virus and tried more treatments than you can imagine. Each time that I tried a protocol, I would have an antibody test done—at least 8 tests later—and there were still no changes in the antibody tests.

I was very excited when I heard about the 30-day Scalar sessions that you offer. The PCR test was done approximately 1-2 weeks after the Scalar sessions were over. I have also heard from others that have done the 30-day Scalar Sessions that they have had amazing results with Herpes Simplex 1 and 2 virus .. everything from the "Negative" test results to no more symptoms.

Thank you for the work that you are doing.

Lyme Disease - Progress for the First Time in Years!

My niece has been suffering from Lyme Disease for about 4 years. We didn't know it was Lyme until a few months ago and were trying to treat symptoms, the most severe being pseudotumor cerebri. This causes very high cerebral spinal fluid pressure, which causes very bad headaches (she says she wishes they were "just" migraines).

She has had 8 surgeries for shunts and literally drilling holes in her skull to relieve the pressure. After two bouts of meningitis they had to remove all shunts, so for the past 3 months she has had to have weekly spinal taps to drain some of the fluid out. Her opening fluid pressure has always been around 40 (normal is around 10).

After 30 days with Tom and Scalar Light, her pressure last Friday was only 28.

Today it was 11!!!! She hasn't had a normal pressure since they started measuring it 3 years ago. NOTHING has worked; even the shunts only reduced it for a couple of days, and it shot back up.

Woohoo! I have re-enrolled her in another month to continue with his healing. I am so grateful for my niece and my sister who basically has to revolve her whole life around my niece's health.

Thank you!

We are ALL Doing Better!

Dear Tom,

Perhaps it's enough to know by our subscription renewal that we have benefited from the Scalar Energy Sessions. However, I thought you might like to know specifically how we feel we have benefited. Thus, I offer the following observations during our first month on the Scalar Energy Pathogen, Nutrient and Chakra sessions:

To my delight, many of us feel as though we have benefited from these sessions. I, for one, have had a chalazion cyst on my upper eyelid for more than two years now and it has grown increasingly large, especially of late. After just a week on the sessions, it began to shrink. After three weeks, it is considerably smaller. I should think it will disappear soon.

Without my even asking, my 36-year-old son offered that the scalar energy is working because he feels so much better emotionally and energetically.

My 67-year-old brother, who has several chronic issues including COPD, says he has more

energy.

My daughter-in-law's acne has cleared up, and I haven't heard my dog cough and wheeze lately.

My mother is 86 and has some memory lapses (I won't say signs of dementia exactly) which can sometimes make her moody and cranky, and she seems to be happier now.

Thank you for your good and kind work.

Sincerely,

C.E.

Best Year of Health - With Scalar Sessions!

Hi Tom,

I have to share how blessed I am! As an RN, I am exposed to so much pathogenic junk, not only for the spread of colds and flu in the workplace but also the possible asbestos and viral junk in the walls of the home I am renovating. I am here to report my healthiest year ever.

Not a single cold or flu; just a very healthy and happy nurse. Thanks for the scalar pathogen cleanse, the nutrient therapy, and the chakra balance. This is simply stunning work with great results.

Bliss & Blessings

Herpes GONE After 35 Years!

Dear Tom,

It is amazing to me, that after 35+ years of having the herpes virus, I am free of it! This is especially wonderful since as a former nurse, I previously believed the statement from western medicine, that there is no cure for herpes, and that I would have it for the rest of my life.

I, like many others, I'm sure, really suffered with herpes - both the cold sores and genital lesions.

So for me to experience the diminishing of the outbreaks, and eventually having them stop completely, was a huge relief. Even experiencing the later "false signaling" of the affected nerves (tingling and the "almost blisters" that cleared more quickly), was such a good change.

It makes sense to me that after 35+ years of the virus, the nerves would need some time to fully heal from being damaged, even though the virus was no longer present in the body. But I was patient with the process, since after so many years of enduring the outbreaks, a number of months of scalar sessions to have it all subside and disappear, seemed very small.

I am so grateful for this life-changing therapy. My overall health has vastly improved.

#18:

Eyesight Restored Almost Immediately!

Tom,

I HAVE to share this with you!

My eyesight has been severely affected by all the Shingles outbreaks.

Example: I couldn't read the closed captioning on the TV from across my small living room. It's been that way for over 2 1/2 years.

After today's pathogen cleanse, however, the vision in my right eye seems to have been restored to what it was prior to Shingles. I was already nearsighted, but this is major! I am so stoked! I see things clearly!!! And, at a distance! Woo hoo!

Can't wait to see what other miracles occur! Feeling pretty giddy right about now! I'm going to journal this experience... that will hopefully save you from my emails... LOL!

Taking a humble and grateful bow,

C

Herpes GONE in Just ONE Week!

Hi Tom,

As promised, I am writing to you to tell you all about our experience with this wonderful Scalar Energy.

As you will remember, my Wife and I both have Herpes Simplex. Her problem however was what brought us to you. She has a very stressful job that has been causing numerous outbreaks for some time now. She would take Acyclovir for it, but just as she would get to a place where it felt like symptoms were subsiding, she would experience another outbreak. So she effectively had no days without symptoms.

Well, we signed up for Scalar Energy treatments on 7/24/15. We spoke first on the phone where you described for me what the process was. And I must say you didn't fool around, try to up sell or anything like that. You were straight, to the point, and let me know that it would only take 1 month of sessions. You also mentioned that it would actually take about 1 week for it to subside.

So the sessions started, and lo and behold, 1 week later on 8/1/15, she woke up to no symptoms. She told me "it's gone!" But she also said it was gone in a way that has never ever happened before.

IT IS COMPLETELY GONE! It is just as if she never had it.

I had been a bit luckier than her in that I rarely ever have outbreaks. But I am glad that I included myself in the sessions as since we are a married, monogamous couple, I now know that we both are free of this never to be infected again! That is a marvelous feeling Tom.

And when I called you on the phone to tell you about the great news, I gave you another opportunity to tell me we might need further sessions, but you didn't. In fact, you said, "The two of you are done, the process is complete." It is so refreshing to know that on top of everything else, you are an honest man.

Tom you are on to something really big here, and it is my hope that many other people will find out about this God given piece of science that you have found. God bless you for the wonderful work you are doing for mankind!

Please feel free to post this anywhere you want, people need to know about this! Have a great day!

No More Zoloft

Tom,

I am feeling great! I no longer take Zoloft for my depression. Your scalar energy sessions are really beyond this world! I have forwarded your info on to a good friend of mine, JA. Yes, I most definitely want to continue feeling this great.

Absolutely Awesome!

Hello Tom,

Let me start by saying Thank You So Very Much! This has been by far the best healing experience I have ever had!

15 days ago, when I received the email about your scalar sessions, I had just been exposed to a mixture of chemicals that caused some really awful health problems for me. So when I read about your healings I thought—WOW—talk about timing!

I signed up & started right away! Within 2-3 days I was feeling a lot better than I had & as the days passed, I noticed that my breathing was a lot better, then my energy levels increased, and my mind was clear again! Also, I have been on a really awesome vitamin/mineral supplement for a long time & have not needed it for over a week now. I sleep well, wake up well & my energy all day is great! Feeling grounded & centered!

My dog Harley was also included & I have noticed that he is not having his allergy problems now, which was becoming an issue for him. He sends a Big Hi Paw to you also!

Thanks again & I will definitely be continuing for myself & Harley but am also passing on this info to all my friends & family to experience this awesome healing & gift of lifetime health!

I Feel More Alive

Hello Tom,

I want to start by saying that I appreciate your daily emails with updates and all the good information you have shared with me. And to answer your question, I am doing wonderfully. I actually already had knowledge about the chakras from books and online readings however I always enjoy learning more. I do meditate, eat clean and believe to have a balance happy life.

I must say after starting the scalar energy healing I do feel a difference.

The best way to explain it is that I feel more alive and energetic than what I did a few days ago. My vibration alignment is steadier, and I feel more clarity than ever, great inspiration, and appreciation; just so many great feelings.

Thank you deeply and truly for the opportunity to experience your work. I wish you success in anything you do.

Namaste,

Physically, Mentally, and Spiritually

Hi Tom,

Thank you so much for the scalar sessions.

Physically, mentally, and spirituality I have never felt better. I've watched and listened to many interviews and your ability to effortlessly explain complex topics and be 100% clear and consistent is a testament to your hard work, dedication, and passion.

Sincerely,

Shifting Away from PTSD

Hi Tom,

So far, I have received 6 sessions. I awoke at the exact time you sent the healing transmission. I knew at that moment, even though I had no idea that was the time you were going to send the healing, the moment I awoke I knew it was the scalar energy healing. I knew you were sending me a healing and had no idea what it would feel like.

I was buzzing, and I have to say excited, to feel and connect to such a beautiful healing modality. I felt the lasting effects all day. I have felt a kind of peace within also.

Every day I awake, I feel it working with me. I am very grateful for this introduction and look forward to receiving the rest of my two-week sessions.

I am more grateful than you will know. It has helped my spirit shift from the trauma of a car accident 8 months ago and PTSD I have been experiencing, to feeling more like myself again. This is truly a blessing as my body and spirit was asking for help, and there you were.

Thank you so much,

CM

Goodbye, Lyme Disease!

I had been suffering with chronic Lyme Disease for at least 25 years (probably longer but not verified) and had tried many treatments but had gotten no relief from the often debilitating symptoms.

A friend mentioned that she had met Tom at a health fair and tried the free trial period and was reporting good success. I signed up for a 30-day period and after 2 weeks I began to experience a remarkable reduction in symptoms, starting with an end to the often-severe fatigue commonly associated with Lyme. I am now in my third month of the program and the results have simply been amazing.

When I first signed up for your program, I was skeptical but hopeful and after just a short time of exposure, and listening to others on the weekly conference calls I am 100% convinced that Scalar Light works for not only Lyme but so many other chronic illnesses.

Thank you, Tom, !!!

Feeling Much Better

Hi Tom,

I feel so much better after 3 weeks of scalar light sessions. I have had problems with Candida for about 4 years and thought I would never get rid of it. I feel now like I have gotten "myself" back. I am not clouded in the head anymore and feeling better all over.

Thank you,

Susanne

HSV 2

Hello Tom,

I'm a 26-year-old female that has big dreams for life. But I was devastated to find out that I had contracted HSV 2 in February of this year. I thought that my life was over and I could no longer have any relationships, let alone intimate relationships. So, I started looking all over the place for a REMEDY, NOT A SUPPRESS, because I couldn't accept the terms "Life-Long Disease" or "you have to learn to live with it".

With Scalar Energy, I gained my energy and sanity back and the deep depression I was suffering upon finding out this ugly truth is all gone. I even noticed my teeth cavities are fading away. I sleep a lot better and I can keep my focus and concentration until I am done with a task. I suffered my whole life from hyperhidrosis, or excessive sweating, in the palm and feet areas and I was always very self-conscious when I was around people, especially in social gatherings.

With Scalar Energy I suffer no more. I can say it with confidence that Scalar Energy is the best thing that has happened to me in the past few years. I can see the improvements day to day, so for all of you out there still doubting this program, you need to trust Tom and accept that a REMEDY is finally here. With a little faith and a little trust, anything is possible.

As far as symptoms, I have not experienced any outbreaks since that one initial outbreak, but I did experience a few pimples on my chin area which were gone within 2-3 days, a little pain or very tiny swollen lymph nodes in the armpits which was the indication of my body fighting an infection, but it was also gone with 2-3 days.

I consider myself lucky that I came across Scalar Energy so soon, and in early stages of the infection. I am planning on continuing with Scalar Energy sessions lifelong.

Stroke Recovery

Hi Tom,

I signed up for this for my mom. I didn't even send my own picture until the other day after seeing a difference in her I thought hey I should be doing this for myself as well!

In late February, my mom had her first stroke. She was able to return home and within two days had another major stroke while in the hospital she had yet another one and this one has left her completely paralyzed on her left side. She was released to a rehab facility and progress was slow.

She was depressed and cried often, which is so not my mom.

A couple of days after the scalar sessions, however, I noticed she was becoming more like mom again. She was chatty and happy. We moved her to another rehab center on Monday and she can move (although painful) all the fingers on her left hand! It was like her therapy had jumped two weeks ahead!

I am so grateful for this! I look forward to seeing her progress over the following weeks!

Thank you so much!

Amazing Free Trial Experience

Dear Tom,

Thank you so much for the opportunity to experience the 15 Days trial period of Scalar Energy. I and my family had distance energy healing in the past, so I know how it works and feels. My personal experience with Scalar Energy has been wonderful. I find it to be really powerful and I benefit in all areas. I am so grateful for this email invitation.

Amazingly, in a short period of 12 Days, I started feeling the symptoms of detox like a running nose, headaches, chills, a bloated abdomen, itchiness, pain in my right shoulder and ear, lower back pain, hot flashes, change in urine color, and pain in the front and back of my torso.

Some days I have more energy and some days I feel tired, but I still feel the energy doing its work in my body. Most importantly, I now start my mornings feeling "HAPPY."

I am so excited to be able to sign up my family and myself for the recurring sessions.

Thank you, thank you, and thank you.

Warm and light,

L

Blessed

Hi Tom,

First, I feel so blessed to have had the opportunity to try scalar light healing! Thanks to you and your team, this has been the most amazing thing to experience.

From the very first day, I have noticed many things changing in my body: from normal bowel movements to being able to sleep thru the night. It even appears that the pain in my back and the rest of my body is diminishing.

Two years ago, my body functions totally shut down and I was in a coma for a short period of time. The doctors called in my sons to make a decision where life support was concerned. If I lived, they felt I would more than likely be a vegetable. But there were miracles in store for me and today I am doing well.

Yes, I do want to do the 3-month scalar sessions and more. I would also like more info on your weight program as well.

Again, I thank you and offer blessings to everyone who is involved in this great program.

Warmly,

SK

About the Author

Tom Paladino is a scalar energy researcher and has 25 plus years' experience helping people with chronic pathogenic illness.

Tom Paladino's research and work with the scalar energy began during his undergraduate years. He was inspired by various scientists, i.e., Hieronymus, Moray, Priore' and especially Nikola Tesla, as to the existence of an energy that is not of the electromagnetic spectrum. With this inspiration, he pursued a course of independent study in order to better understand and subsequently harness scalar energy.

Scalar energy is also known as prana, chi, radiant energy, zero point energy, qi, orgone, eloptic. After years of experimentation and modification, Tom Paladino has developed a technique using scalar energy that will transmute pathogens quickly and painlessly. This technique facilitates the use of photographs of people who desire to have pathogens transmuted in their bodies.

Tom Paladino developed a tprocess whereby he is able to administer the scalar energy reverse-phase angle harmonic of a pathogen, thereby causing that agent of infection to disassemble or fall apart. Scalar energy operates at the quantum level and is capable of disassembling all types of pathogens thus eliminating the causative agent of disease. Once the causative agent of a pathogenic disease has been eliminated the symptoms associated with that infection decrease or disappear altogether.
